## Toolbox Meeting NABS Dumpers

Two illegal dumping infringements were recently issued by Stirling Rangers, after a very successful toolbox meeting at an Atrium Homes site.

During this meeting, a site supervisor, noted that he had discovered identification on rubbish illegally dumped on a site in Stirling.

A statement was taken and given to Rangers at the Stirling Council who promptly issued two separate infringements at \$200 each, with orders to remove the rubbish immediately.

If you wish to conduct a toolbox meeting at your site please contact Meridian, 9225 9999.

## Meeting of Minds

During March a meeting between Committee Members and the WA Police Service was held at the HIA offices.

Each metropolitan District coordinator was in attendance, with a 'round table' discussion between Members and Police.

New procedures were discussed, and with further opening of communications within individual metropolitan districts, front line police awareness of the Campaign will only increase.

The result of this meeting was very positive, with Chairman Pino Monaco, on behalf of the Campaign and its members, thanking the WA Police Service for their ongoing support, and looked forward to continuing to work together in the future.

## STOP PRESS

A reminder that with things slowing down across our industry, theft is on the rise. Currently being targeted across all metro areas are all forms of whitegoods.

We are also seeing a large rise in theft of tiles. Large quantities of all types of tiles are missing from sites, with associated tools and equipment also going missing.
